

Once again Fellow Car Enthusiast **Dulford Automotive**, **TVRcarparts** and **Dulford Car Sales** are pleased to offer you the chance to join them at Castle Combe Circuit, Wiltshire on **16<sup>th</sup> August 2010** for a relaxed and informal track experience.

We have Joined forces with another small group of car nuts to enable us to have the use of this famous and much revered circuit for our customer's and cars to enjoy. We will also be supplying full technical support with the full workshop and parts team on site. Free informal experienced tuition will be available as required.

Castle Combe circuit is a flowing circuit 1.85 miles in length with two tight chicanes that need to be got right to maximize your lap and of course the famous straight having Folly Corner half way down that produces the challenge of " Do I lift off or keep it planted" The choice is yours. The track is up to modern day standards and has all the facilities you would expect including the Tavern café.

For those of you who attended our track day at Llandow earlier in the year this track is longer and even more enjoyable and as the circuit holds racing championships throughout the summer has the ambiance of a thoroughbred race track not to be missed out on. The circuit operates a very strict 100db noise limit please ask Neil in our parts dept if you need help with extra silencing. Dulford Automotive are offering a 'Pre Track day Checkover' including a DB noise level check for £45 inclusive.

The price for the day is £165.00 and places are limited. This price is for one car and one driver. Additional drivers are an extra £25 each and passengers £10.00

Please contact Richard, Neil or Perry at Dulford Automotive to book your place and talk about what you would like to get out of the day, forewarned is forearmed as they say. We will be able to advise you as to what will be possible

to achieve on the day. The usual track requirements, these are a must to bring with you or you will not get on track

Driving licence (Both Parts)  
Helmet  
Long sleeved top (preferably cotton)  
Long Trousers (no shorts)  
Sensible footwear

On site we have full medical support and marshalling. The numbers on track will be limited and run in 20 minute sessions controlled using the traffic light system and marshals at track side. We will have three groups, 1) Beginners. 2) Intermediates. 3) Experienced and race drivers

You will also be asked to attend a full safety and drivers briefing. Please note you are not insured for track days unless you have your track days included on your policy please check with your insurer

Cars already booked:
